

Mixing station for 20 to 200 liter drums

312047V-EM16E

Equipment 312047V-EM16E includes:

→ Pneumatic lift	
→ Lift capacity	50 kg
→ K-600-S1 drum clamping device	clamping drums from ø 280 to 600 mm
→ Agitator with electric motor	stainless steel
→ Complete inverter control panel	
→ Protective mesh cover	stainless steel

Essential equipment features:

→ Electric motor power:	4 CV
→ RPM (with inverter):	10 ÷ 400
→ Total shaft length (from flange):	800 mm
→ Pneumatic elevator stroke:	1000 mm
→ Impellers supplied (stainless steel)	
- n.2 cowless:	ø 300 - 150 mm
- n.1 three-bladed:	ø 225 mm

Similar series equipment selection:

→ cod. 312043V-EM16E	Reduction report	3:1	rpm 930
→ cod. 312047V-EM16E	Reduction report	7:1	rpm 400
→ cod. 3120420V-EM16E	Reduction report	20:1	rpm 140
